

"A. U. P." IN FIELD

Central Committee Meets to Prepare Memorial.

PRINCIPAL POINTS OF DOCUMENT

Course of Cabinet Impelled Action
The Governorship—American
Shipping for the Flag.

(From Thursday's Daily)

The American Union Party, the only political organization of annexationists in Honolulu, has come out of its shell to sing, after a silence of nearly a year, the endorsement of American Special Agent Sewall for the Governorship.

A meeting of the Central Committee of the A. U. P. was held last evening and a memorial to the Commission was framed. The document will be placed in order and submitted probably tomorrow.

The draft that was submitted to the meeting last evening had two principal points. The first was that the party had not been consulted by the Executive at any time in any way concerning the future as it might be affected by communication with the Commission and for this reason presented the memorial.

The second heavy paragraph in the outline presented to the delegates was the expression of opinion that American shipping laws should be extended to the new territory at once.

There is asked for in the memorial "a liberal form of territorial government," with such restrictions, limitations, etc., as the conditions appear to require.

On the question of the franchise the committee gives utterance in favor of a "liberal suffrage."

The committee favors the national policies concerning construction of the Nicaragua canal and a cable from the Mainland to Hawaii. It is urged that American tariff laws be extended to Hawaii without delay.

It was 10:30 when the Central Committee adjourned. Its session opened at 8 p. m. In the absence of Chairman Kennedy, Geo. W. Smith presided. W. R. Sims is the secretary and was in his place. Eleven members of the committee were present altogether.

Discussion was earnest and not at all brief on several questions. The first debate was on mention of the Cabinet. There were those who thought the Executive should not figure in the memorial. Some of the members were in favor of stating specifically an opinion on the suffrage. Again there was a slight division on taking issue with the Chamber of Commerce on the matter of shipping interest.

In the ending of the memorial the Central Committee asks that there be named for first Governor of Hawaii a man who has not been identified with local politics, in the past.

The meeting of the committee was good natured in every way and practical unanimous sentiment prevailed on most of the matters, though the difference on a couple of points was wide and fixed.

It has been openly stated that the Central Committee had no intention of addressing the Commission until it became convinced that the Cabinet would not consult the party. It is very evident, too, that the Governorship, for which American Special Agent Sewall has already been endorsed by the Central Committee, is still a leading and very carefully nurtured consideration.

BACK FROM LAYSAN.

Capt. Dow Returns to Port With the Planter.

The barkentine Planter from Laysan Island with guano arrived in port at 6 o'clock last evening and anchored off the railway wharf, where she will discharge her cargo into scows for the Kalihl works. While at Laysan Island "Old Glory" is reported to have been hoisted with due honor. Captain Dow has made this another smart passage for the Planter, the one previous having beaten the record. The Planter sailed on this trip from Honolulu on August 29th, making the round trip, consequently in about 31 days.

The Thousandth Issue.

Number 1,000 of the Hawaii Shingo, the well known Japanese daily paper, was issued yesterday, and great was the joy of Mrs. Massa Takahashi, the business manager, and Mr. Takahashi, the editor. The size of the paper has been increased from four to six pages. The Shingo, Mrs. Takahashi says, had but three or four advertisements when started and now has ninety display cards and much local patronage. The leading editorial yesterday was an accounting of the establishment and progress of the publication.

Youngest Soldier.

The youngest American in the late war was Charles Escudero, a child of ten years, who attached himself to the United States Infantry, and who took part in the thickest fighting around Santiago. He ran by his father's side in the fearful charge up San Juan hill, and afterward did duty as a water-boy for the wounded. He was from Ohio.

Australia Federation.

The project of an Australian Federation has come to grief. New South Wales has voted against it, and Queensland refused to vote at all. New

Zealand took hardly any interest in the matter. It may, however, be regarded as certain that the Federation idea has made much progress, and that sooner or later the Australian colonies will stand united.

Gone to Fanning's.

Walter Gassett left here a few weeks ago with Governor Greig, with the purpose of making a protracted stay at Fanning's Island. Mr. Gassett is a Wyoming ranchman who came to this part of the world half a year ago to look at the country. The wonder is that he did not join one of the Manila expeditions, as he has been in many adventurous enterprises. The war was kindly to Mr. Gassett in a way. When he left his ranch he accounted his assets in cattle only, scarcely reckoning a large bunch of horses. With the organization of U. S. cavalry came the demand for mounts and the splendid range animals that Mr. Gassett had listed at next to nothing brought fancy prices.

CASE FOR \$15,000

Hearing One of the Libels
Against a Steamer.

Others to Come—Paul Neumann on
the Bench—Land Matters.
John K. Sumner.

(From Thursday's Advertiser.)

The case of Russel Colegrove against the steamer City of Columbia, damages in the sum of \$15,000, was before Judge Perry all of yesterday. Capt. Milnor was the first witness called. He was on the stand until 3 o'clock in the afternoon, when Mr. Colegrove was called. The case will go on today. Kinney & Ballou appear for the libellant and Hatch and Cayples for the steamer. Two other suits will follow this one, the first by Colegrove's brother for \$2,000 and the second by Rose Berliner for \$5,000.

Waikuli has entered ejectment proceedings against the Trustees of the Bishop Estate for the recovery of one-ninth interest in fourteen acres of land at Waikuli, and a small tract at Kalihl. Plaintiff claims the restoration of the land and damages in the sum of \$3,000.

Hil Pilipi has begun ejectment proceedings against Lolekana and Y. Ah In for the recovery of a small piece of land situated at Kalauma, in the district of Ewa, with damages in the sum of \$100.

It has been agreed between the parties that the appeal from the decree appointing J. O. Carter guardian of John K. Sumner, a non compos mentis, be withdrawn and vacated. Kinney & Ballou for plaintiff; Castle and Weaver for defendant.

Paul Neumann sat in place of Justice Frear in Supreme Court yesterday. The principal case up was that of F. L. Dortch vs. A. V. Gear. This was argued and submitted.

PALESTINE EXPLORATION.

Society Declares Spot of Crucifixion Has Been Located.

NEW YORK—The Palestine Exploring Society has just located the exact spot on which Christ was crucified and buried, says a foreign correspondent of a New York paper.

The final researches on the subject have lately been completed by Dr. Conrad Schick, the representative of the society, and his report has been made.

There have been a great many theories about the place of the crucifixion and the tomb. It has been claimed that the Mosque of Omar and not the Church of the Holy Sepulchre was erected over the spot where the cross stood. Dr. Schick, in his paper says:

One of the chief points to ascertain about Church of the Holy Sepulchre is whether it actually stands on the rock of Calvary. Some have claimed the apparent rock foundation was an imitation. To satisfy doubts on this point I have made a special research. In the chapel of Adam, in a closed recess I found that genuine rock can be seen.

I have been able to trace the rock scum and make a map of the configuration of the ground as it was originally at the actual time of the crucifixion.

A Special Message.

It is believed President McKinley will treat of the Commission report of a special message.

There is much speculation and some uneasiness on reference of Hawaiian measures in Congress. Bills may go to will treat of the Commission report in they may be sent to the Committees on Territories.

Unusual Case.

Mrs. Wm. Parker, Pauao Valley, is held at the station house on the charge of assault and battery. It is charged that she brutally beat her little daughter, hurting the child so badly that death may result.

First Regiment, N. G. H.

The second battalion, First Regiment, Capt. J. M. Camara, Jr., commanding, will drill on Armory Square next Monday evening.

GOOD ENOUGH TO TAKE.

The finest quality of loaf sugar is used in the manufacture of Chamberlain's Cough Remedy and the roots used in its preparation give it a flavor similar to that of maple syrup, making it very pleasant to take. As a medicine for the cure of coughs, colds, a gripple, croup and whooping cough it is unequalled by any other. It always cures, and cures quickly. For sale by all druggists and dealers. KNIGHTS WRITING

Members of Order Here
Issue a Circular.

Make a Statement to Brethren in
the U. S.—Letter Will Have
Wide Circulation.

About 500 copies of the appended circular have been sent to the United States, where the order of Knights of Pythias has a membership of over 400,000. The note will be published in half a hundred journals of the order and will thus have very wide circulation. The letter was sent by the first steamer after its date and has long ere this been seen in every State and hundreds of cities. This is the letter:

All Knights Should See this Notice.

A WARNING FROM HONOLULU.

Honolulu, H. I., Aug. 25th, 1898.

To all Pythian Brethren, Greeting:

The annexation of these Islands by the United States has caused many of our brethren to project attempts to better their condition or to find employment in what they consider a new country.

Such we consider it our duty to warn and to speak in plain terms.

The social and business communities of these Islands were old and well established before the rush to California.

This is in no sense a new country. The only opportunity here is for the man of large capital.

There is no employment here for mechanics of any kind or for unskilled labor. Many men of ability, of good habits and first class recommendations are now here practically stranded. There were idle men in Honolulu before the American flag replaced the Hawaiian flag.

All lines of small business are fully filled and in most cases over-crowded. Do not come here unless you have the assurance in advance of steady employment or have the capital to engage in land development enterprises requiring large means.

We spread this positive advice because we wish to save brethren disappointment and distress. We state the facts, as in more than honor bound and trust sincerely that this circular will accomplish its mission.

The signatures are those of a joint committee of Oahu and Mystic lodges, including F. Waldron, J. Neill and G. Erickson.

THE WAVERLEY CLUB.

Is Now Settled in Its Permanent
New Quarters.

The Waverley Club is now permanently and comfortably settled in its new quarters, corner Hotel and Bethel streets, over the old store of Medeiros & Decker. Though the room is not so large as the old hall, it is quite cozy and homelike, characteristics that are appreciated.

The new library is now in perfect order. All the books are listed and members may use them upon application. In the lot is much of the best literature of the day. There is also a large assortment of books of reference. The newspaper and periodical list contains some of the best productions of America and Europe.

Shades and curtains now adorn the windows of the Club room. The billiard and pool tables have been newly covered and put in first class condition. The Club has now opened up a gallery of the best Spanish-American war pictures, some of them wholly new here. Members are privileged to invite friends to inspect the Club rooms.

Railways of Hawaii.

Bradstreet's for September 3 has a brief statistical article on the railways of the Islands. It says there are three lines, mentioning the Kahului, Kohala and Oahu routes. The error in the article is in giving Waianae as the terminus of the Oahu line. There is some slight excuse for this in the fact that the Oahu railway has made such rapid progress in construction that people at a distance have been unable to keep the tally correctly. Bradstreet's says that the business of the Oahu railway shows a steady increase both in passenger and freight traffic and gives the number of passengers carried in 1897 as 85,596.
